Alexandria, VA 22313-1450

Sir,

In response to the Office Action dated February 9, 2006 (the "Action") in connection with the above-referenced Patent Application, Applicant hereby elects without traverse, the Group II invention, corresponding to claims 101-141, drawn to a composition comprising *ex vivo* expanded population of CTL identified as having the ability to kill tumor vasculature, as described in the Action. Applicant hereby reserves the right to re-join non-elected claims to the extent permissible by law as described in M.P.E.P 821.04, 821.04(a) and/or 821.04(b), and/or elsewhere.

Applicant believes that claims 101-141 define over the prior art of record and are in proper form for allowance. Applicant respectfully requests allowance of claims 101-141. Applicant also requests that the Examiner call the undersigned to discuss any additional questions or concerns with respect to the above-referenced patent application.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "J. Hirshman", is written over a horizontal line.
